

Some Actually Believe they can be As God

A group of university scientists approached a local pastor to tell him that God was no longer needed. "We've created spaceships, supercomputers, almost life itself," the scientists said. "Human knowledge has advanced to the point that God is obsolete."

The pastor listened politely, then said, "I'd like some proof of that. Can you create a human being, like God did with Adam?"

"Sure!" the scientists replied. They organized a scientific demonstration and invited the pastor.

At the university, one group of scientists asked the pastor to join them as they prepared an operating table for the big moment. Soon, another group appeared, carrying buckets of dirt from which to make a man.

"Hey, wait a minute," the pastor protested.

"That's God's dirt. . .go make your own dirt!"

Ephesians 1

6 To the praise of the glory of his grace, wherein he hath made us accepted in the beloved. 7 In whom we have redemption through his blood, the forgiveness of sins, according to the riches of his grace; 8 Wherein he hath abounded toward us in all wisdom and prudence; 9 Having made known unto us the mystery of his will, according to his good pleasure which he hath purposed in himself: 10 That in the dispensation of the fulness of times he might gather together in one all things in Christ, both which are in heaven, and which are on earth; *even* in him:

The above verses are studied in detail on Sunday and Wednesday evenings. Ya'll come!
